

IHS.168-75 *The Three Solar Mysteries.*

1. ...*Electricity*. The mystery of Brahma. The secret of the 3rd aspect. It is latent in the physical sun.
2. ...*Polarity*, or of the universal sex impulse. ...the 2nd aspect. It is latent in the Heart of the Sun, or of the subjective Sun.
3. ...*Fire itself*, or the dynamic central systemic force. ...the 1st aspect. It is latent in the Central Spiritual Sun.

... Electrical phenomena are scientifically recognised as dual in nature.... The fact that it is triple is demonstrated to the initiate at the 1st initiation, and the secret of how to balance forces on the physical plane, and thereby produce equilibrium...

... At the 2nd initiation "the secret of the sea" is unfolded to him, and through this revelation two subjects of profound interest become clarified to his inner vision. They are: a. The mystery of the astral light. b. The law of karma.

[1]...At the 3rd initiation "the secret of fohat" is given to him, and then the mystery of the threefold body of the triple Logos is his, and the *why* of the phenomena of the dense liquid and gaseous bodies of the Supreme Being is unfolded... ...the initiate is now in a position to... understand somewhat... 1. The creative process of thought form building. 2. The transmission of energy from the Ego to the physical body via the force centres on the various planes. 3. The uprising of kundalini, its geometrical progression, and its vivification of all the centres.

... This secret of electricity, which is essentially triple in nature, deals with the Brahma or 3rd aspect,...

[2]...At the 4th initiation another of the great secrets is revealed to him. It is called "the mystery of polarity," ...

...c. The clue as to which Scheme forms with ours a duality. ...e. "The Marriage of the Lamb" and the problem of the heavenly bride. A clue to this lies in the solar system of S... which must be read astrologically. f. The mystery of the Gemini, and the connection of our particular Planetary Logos with that constellation. ...h. The method of egoic at-one-ment is seen clearly revealed, and the antahkarana is shown in its real nature, and having been thus revealed, is dispensed with. i. The essential unity existing between the Ego and the personality is seen. j. The relation of the two evolutions, human and deva, is no longer a mystery, but their position in the body of the Heavenly Man is seen to be a fact.

... This secret concerns primarily the Vishnu, or 2nd aspect. It sums up in one short phrase the totality of knowledge gained in the Hall of Wisdom,... It concerns literally the unification of the self and the not-self till they are verily and indeed one.

[3]...At the 5th initiation the great secret which concerns the fire or spirit aspect is revealed...

[4]...At the 6th and 7th initiations two more secrets are revealed, one -- a lesser secret -- preparing the way for the revelation of the 4th. Only four secrets of a major order are revealed to initiates on this planet,... There are only five secrets altogether, of a major kind, revealed in this solar system... wherein ...the 5th principle of mind forms the basis of unfoldment. **[5]** This 5th revelation is only imparted to those who pass to the Schemes of synthesis.
